

# Gallery Specifications

The Nelson Museum, Archives & Gallery features the following temporary exhibition spaces:

Gallery A measures approximately 142 square metres (1500 square feet) of floor space and 45.5 linear metres (148 linear feet) of wall space; ceiling height 14 feet (10.5 feet below the lighting track). Equipped with data outlets and two floor receptacles/data outlets.

Gallery B measures approximately 47.3 square metres (500 square feet) of floor space and 23.7 linear metres (77 linear feet) of wall space; ceiling height 10 feet (8-1/2 feet below the lighting track).

Hall C: Used in conjunction with Gallery B if additional space required. Measures approximately 14.5 square metres (156 square feet) of floor space and 3.35 linear metres (11 linear feet) of wall space; ceiling height 9-1/2 feet (8 feet beneath the lighting track)

Cases: Used for a stand-alone exhibition of small objects or in conjunction with Gallery B if additional space required. (5) glass-front flush-mounted cases line the hall leading to Gallery B. The cases are equipped with an overhead puck light and adjustable glass shelves. Each case measures approximately 24"W x 46"H x 7"D.
